This course is designed for new and long-time FTOs who want to hone their skills and get new ideas for leading their trainees. The position of FTO is the first line of leadership in any organization. This program gives a new way of thinking about ethics, leadership, accountability, the FTO's role in creating a positive leadership environment, and how your role affects the larger organization. Through direct, dynamic presentations, candid discussions, relevant case study and informative group exercises, this course gets to the heart what it means to be a leader. This course is taught by one of PLI's most charismatic and dynamic instructors who has years of law enforcement experience in FTO, first line supervisory and mid management roles, leading patrol teams, specialty teams, special projects and more.
